Martin Dobson

Good afternoon, 'Happy Easter' and welcome to this afternoon's derby clash against our near neighbours from Burnden Park. Last season, we were paired to play against Doncaster and Newport during the Easter holiday period and so we are particularly pleased to be playing two attractive derby games against Wigan and Bolton this season.

Our recent matches have brought mixed fortunes and although our improved form has given us something to go for, our inconsistencies are still showing. Three home games within eight days brought two wins and a defeat and ironically our 2-1 reverse against Bristol City provided one of the team's best performances of the season and one of the most exciting games. It is not often following a defeat that a team gets applauded off the field in the manner that happened against Bristol City but the performance goes hand in hand with the response of the supporters who gave terrific encouragement and created a good atmosphere. It is my philosophy that teams have got to entertain, play football and score goals – and such a performance gives much encouragement for the future bearing in mind that it has been something of a transitional period for us over the last few months with many new players being introduced.

Our performance against both Gillingham and Bristol Rovers was not too good yet we gained two 1-0 wins, windy conditions making it hard to play good football against Rovers. And conditions up at Darlington, where there was a quagmire of a pitch also played a part in effecting the result. We were 2-0 down before we knew it due to some very poor defensive play and were then always up against it. In recent games though the defence has been the most influential unit of the side because we simply have not been scoring enough goals. We cannot always rely on the defence to save us and it is in attack that we must look to improve. With Darlington gaining their first win in 18 games I would like to think our defensive performance was a 'one-off' and that we can get back to consistent ways.

We were delighted with David Lee's selection as Young Player of the Month for the North West division. David has been a revelation this season and ever since he joined the club on the Y.T.S. scheme his attitude has been superb. He is the type of player that spectators gladly pay their admission to watch because of his pace and ability on the ball. He is learning all the time from his first team experience and if he keeps on improving is going to be an exciting prospect.

Our record over Bolton in recent years has been good but anything can happen in derby games. We hope that Bury and Bolton will be able to stage a Third Division derby game again next season.

The Rules They Are-A-Changing

With just four games left in the race for this season's General Motors Vauxhall Conference Championship, Scarborough hold a seven point lead over their only challengers Barnet. The North Yorkshire club are clearly looking forward to hosting League football at their Seamer Road ground come next August – the Football League permitting. The original criterion for aceding to League membership was that the successful club's ground had to be up to League standards. Both Scarborough and Barnet seem to have few problems on this score. Boro have a capacity of 10,000 of which almost half is covered although the actual seating capacity is less than 1,000. Barnet's Underhill ground meanwhile has a slightly higher capacity of 10,500 with covered accommodation accounting for over 50% of this capacity, although similar to Seamer Road, the seating capacity is less than 1,000.

However, with the end of the season fast approaching, it appears that the Football League is seeking to change the rules to fit its own circumstances. Having made the concession to the non-league pyramid, the League is attempting to place further stumbling blocks in the path of the Vauxhall Conference club's progress. The League's Management Committee are now insisting that no club can join the League without having a share capital of £100,000. Unfortunately for the League, Scarborough and Barnet are the wrong clubs to threaten with this sort of action. Scarborough have been known as one of the richest non-league clubs in the country during the past decade and more. Barnet's chairman, the infamous Stan Flashman, is also not short of funds to pump into the club should they be required to achieve League football at Underhill. Manager Barry Fry insists that Barnet are financially more stable than most League clubs and credits Flashman solely for this – "That has got to be down to Stan Flashman . . . he has spent money on the pitch, the ground, the social club, and on players."

Terry Wood, the Scarborough chairman, has expressed his amazement at the League suddenly making such a financial stipulation – "But if that becomes the case, then we at this club will be able to meet any new requirements, should we win the championship." His main objection, however, is the unfairness of it all. Firstly that the rules should be changed during the season and secondly the fact that the share capital ruling does not at present apply to clubs already in the Football League – "It looks as if they are making it difficult for the Conference winners to get into the Fourth Division." Whilst not wishing to see any of our fellow clubs banished to the realms of the Conference and part-time football, it is also difficult not to sympathise with the Conference clubs on this particular principle. Scarborough and Barnet are the lucky ones in as much as they have the resources to overcome most of the barriers placed before them. There are no doubt those who would not have been so fortunate.

The likes of Frickley Athletic and Welling United spring to mind here – the latter in particular who have been the non-league equivalent of Wimbledon over a similar period of time as they have risen from the depths of junior football to their current lofty position. Having visited Frickley's Westfield Lane ground when the Shakers played a pre-season friendly there at the start of last season, Frickley would almost certainly fail on ground qualification alone, and one suspects the share capital issue would discount them completely. That is not to say that the idea of a substantial share capital backing should be a non-starter. In theory it is a sensible proposition which should relate to all clubs both in the League and out, if that club holds League membership aspirations. However, if this is not practical without adversely affecting the existence of some of the lower division clubs then the rule should not apply, and the risk of having clubs gaining membership to the League who may prove to be financially unstable must be a risk that the League is prepared to take having granted the concession of automatic promotion in the first place.

Even the "standard of facilities" proviso has its shortcomings whilst basically sub-standard grounds remain in the Football League. Having visited the likes of Somerton Park in recent weeks and the Shay during the past few seasons, these low standards must be the yardstick by which the Conference sides' grounds are judged. Whilst even a top non-league club's ground such as Altrincham's Moss Lane is scarcely up to the standard that one would imagine, it must be accepted when compared to the likes of Newport and Halifax.

The most alarming aspect of the League's attempt to block direct promotion from the Conference is that no new rulings were considered whilst the likes of Rochdale, Stockport and Torquay hung around the bottom rungs of the League ladder. However, as soon as it became apparent that Burnley and all their years of tradition were threatened with the drop to the Vauxhall Conference, the League has somehow managed to produce financial obstacles despite having had twelve months or so to announce any such apprehensions.

The demise of Burnley, if it were to happen would indeed be a sad occurrence – it is difficult to see what other reasonable excuses the Football League could come up with – and the club's fall would be particularly poignant in the system's first season of operation, as similar fears were debated amongst fans during the close season, although in this instance Wolves was the club under discussion following their disastrous experiences of last season. If the unlikely were to happen the average standard of the grounds in the Conference would undoubtedly be improved with the likes of Sutton United and Nuneaton Borough having the experience of using Turf Moor's excellent facilities. The future of Burnley Football Club would unfortunately remain in the balance.

Reserve Reports

Saturday, 4th April, 1987
Crewe Alexandra Reserves 2,
Bury Reserves 4

The Shakers were well on top at Gresty Road despite falling behind to an early goal when the defence was caught square after five minutes. Bury levelled after 20 minutes, Andy Smith being up-ended as he latched on to a through ball from Jonathon Clark – who stepped up to convert the penalty. Ten minutes before half-time Bury took the lead, with Clark's through ball enabling Cunningham to chip the on-rushing keeper.

Trevor Ross scored with a 35 yard wind assisted free-kick after 60 minutes and although a mix-up between Stanier and Moran left Crewe with a simple chance to pull a goal back, man of the match Clark sealed the game after 75 minutes when following good work down the left, Cunningham crossed the ball for Jonathon to strike a fine shot into the net from the edge of the box.

Team: Stanier, Ross, Lowe, Moran, Smith (Tony), Smith (Andy), Collins, Clark, Rothwell, Cunningham, Brown.

Wednesday, 8th April, 1987
Bury Reserves 1,
Carlisle United Reserves 1

The visitors were given too much room up front and generally dominated the first half after having taken an early lead when two players broke through Bury's attempted offside trap.

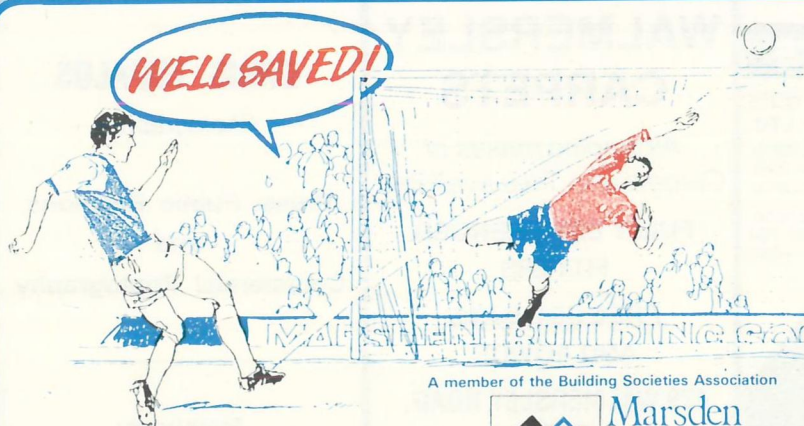

In the second half, Bury re-adjusted in defence and as a result Carlisle did not create even a single shot at goal. With Clark and Brown impressing, Bury played some good flowing football and levelled the score when a Clark through ball was collected by Peter Cunningham who shot easily past the Carlisle keeper. Bury had only themselves to blame for failing to seal the game as they repeatedly broke through the Carlisle defence.

Team: Stanier, Ross, Smith (Andy), Moran, Lowe, Fairbrother, Collins, Clark, Royle, Cunningham, Brown.

SNIPPETS

- ★ Congratulations to David Lee, who was awarded the Fiat Uno North West Player of the Month Award for March. Undoubtedly David's fine performances have been raising a few eyebrows further afield than simply here at Gigg Lane and few would argue that David's emergence has been one of the highlights of the season.
- ★ Voting slips are available today for the Player of the Season poll, which has been organised for the past five seasons by the Supporters Association. In each of these years a healthy response has been made and we look forward to your participation once again. Slips can be collected and handed in at the Social Club, Development Office or Programme Hut.
- ★ Mrs. Ruth Crawshaw wishes to remind programme collectors that she has once again organised the annual Rochdale F.C. Programme Fair being held in the Spotland Social Club on Sunday, 26th April. Doors open 11.00 a.m., admission free.
- ★ Today's derby game sees Bury and Bolton meet in League action for the fiftieth occasion – Bury slightly holding the upper hand to date with 21 wins to 19.

FOOTBALL AND THE COMMUNITY

Pat Howard's Football and the Community Scheme has now been running for nine months, during which time he has organised many sporting activities, visited numerous schools and his schemes have assisted the unemployed. Pat, who has spearheaded the scheme for both Bury and Bolton Wanderers, is enjoying his new role since retiring as a player with the Shakers and comments, "I have been very pleased with how things have been going and it has all been very beneficial for both clubs".

He wishes to further involve the clubs with the local communities and anyone who would like to discuss specific areas or schemes, can contact Pat and his helpers by telephoning 797 5423 or 0204 399192.

RECTOR ON THE ROAD

Club Director Canon J. R. Smith sets out from Bury to John O'Groats and back in aid of the Bury F.C. Ground Appeal. Canon Smith is inviting supporters to guess the actual driving time the journey will take (he stresses he will not be breaking the speed limit and is using a stop-watch to allow frequent stops!) and the mileage involved. The Ground Appeal Committee has issued tickets priced at 20 pence each which are on sale at today's game and there is a guaranteed prize on offer of £300 for the person who estimates the correct time take – and £200 to the person who correctly guesses the mileage. Please support the Rectors' fine efforts. Leading by example indeed!

Canon Smith is pictured here receiving the keys of the Austin Rover in which he will be journeying, from Mr. Ken Baker, General Manager of Lex Mead Bury who have kindly agreed to sponsor both the car and the petrol.

BURY 1, BRISTOL CITY 2

Despite the score line, there was plenty of pulsating action in this exciting game.

Welcome Bolton Wanderers

Back Row: Mark Came, Mike Salmon, Kevin Mailey, Simon Farnworth (now at Bury), Jimmy Phillips (now at Rangers).

Middle Row: Steve Carroll (Youth Team Coach), Steve Thompson, Mark Winstanley, George Oghani, Steve Elliott, Dave Sutton, Warren Joyce, Colin Irwin (Coach), Peter Nightingale (Physio).

Front Row: Paul Allen, Julian Darby, Mark Gavin, Phil Neal (Player Manager), Derek Scott, Tony Caldwell, Asa Hartford.

DAVID FELGATE (Goalkeeper). Welsh born keeper who began his career at Burnden Park, before joining Lincoln City in 1980, and subsequently Grimsby in 1984. Phil Neal paid £16,000 to bring him back to Bolton in February. Also spent loan spells at Rochdale, Bradford, Crewe, Cardiff and Bolton!

PHIL NEAL (Defender). A veteran of more than 700 senior games, the former England full-back picked up a record eighth League Championship medal in May, five months after leaving Liverpool where he spent 11 glorious years. Fifty International caps plus European Cup and League/Milk Cup winners medals make the Bolton player-manager, who began his career with Northampton Town, the most decorated player in the domestic game today.

DEREK SCOTT (Defender). The most versatile player in the Bolton squad. The former England Schoolboy International, played in almost every position during his 11 seasons with Burnley, making his League debut in the First Division. Joined Bolton in June 1985 for a £20,000 fee. He is currently making his way back to action after a chest injury in the opening game of the season.

WARREN JOYCE (Midfield). The energetic, enthusiastic all-rounder is in his fifth season in the Bolton first team, after making his League debut at Carlisle in the Second Division in April 1983. He won representative honours as a schoolboy at cricket and rugby before turning to a career in football. Missed last season's Freight Rover Trophy Final through injury.

DAVE SUTTON (Defender). The tall, blond central defender joined Bolton from Huddersfield Town in the summer of 1985 for a £12,000 fee. He was a member of two promotion-winning teams at Leeds Road after moving from Plymouth where he started his career.

MARK CAME (Defender). Made an enormous leap from North West Counties League football to the professional ranks when he joined Bolton from Winsford United in April, 1984. The solid central defender, who made his Wanderers League debut in September that same year, has been a regular in the first team squad ever since.

TONY CALDWELL (Striker). It's been goals galore for the Salford-born striker since he made a sensational switch from non-league football in 1983 when he joined Bolton from local club Horwich RMI. He was a part-time professional when he set a club and Third Division record with five goals in a game against Walsall in September 1983 and has been Bolton's top scorer three seasons in a row.

STEVE THOMPSON (Midfield). A talented midfield player with a powerful shot, Steve is a penalty spot specialist. A Bolton regular for the past three seasons after graduating from the junior ranks of the Club.

STEVE ELLIOTT (Striker). Bolton paid Walsall £25,000 for the former Nottingham Forest apprentice who has had spells with Preston North End and Luton Town. Came to prominence at Deepdale after a £95,000 transfer. Scores goals himself but is also regarded as a provider for his attacking colleagues. Steve made his Bolton League debut against Swindon on the opening day of the season.

ASA HARTFORD (Midfield). Capped 50 times by his country, the former Scottish International was considered in the "veteran" stages when he joined Bolton in the summer of 1985 from Norwich, for whom he scored the winning goal in the Milk Cup Final that year. But he proved his durability by ending the season as Bolton's only ever-present. Still a great influence in midfield, the former West Brom, Manchester City, Everton and Nottingham Forest star is the Bolton captain.

MARK GAVIN (Midfield). Phil Neal's first transfer "buy" in April, 1986. Wanderers paid Carlisle United a small fee for the speedy former Leeds United winger, who is at home on either flank.

It has been a long, hard season for Bolton Wanderers who are currently caught up in a fight to avoid relegation to Division Four for the first time in their illustrious history.

The Trotters finished in 18th position last season, although a day-trip to Wembley for the Freight Rover Final (3-0 losers to Bristol City), tended to gloss over the fact that the club had finished in their worst ever League position. It was somewhat surprising then to see manager Phil Neal keep faith in the majority of his squad, releasing just six fringe players. It was felt that maybe a mass clear-out would take place during the summer, especially with then club chairman Neal Riley pledging cash from the Freight Rover run for team-building. As it was, Riley resigned late in June and the money for Phil Neal never materialised.

Neal's two major signings last summer cost a total of £43,000 – Walsall's Steve Elliott costing £25,000 and keeper Mick Salmon (Stockport County) £18,000, although with the latter failing to recapture the form he showed at County, Bolton signed former keeper David Felgate in February.

Throughout the current season, Wanderers have hovered just above the dreaded relegation zone, but with just one win to show from their last eleven fixtures (before Saturday's League game against Carlisle), Bolton have suffered a slide down the League, and are now striving to avoid a 'play-off' position or even worse relegation to Division Four. The transfer deadline came and went with just Neil

Matthews, a loan signing from Grimsby being added to the squad, although Neal allowed classy full-back Jimmy Phillips to join Glasgow Rangers for a reported six figure fee. Many supporters felt that at least a couple of signings had been required to help boost the squad and in recent weeks Bolton's loyal followers have shown signs of losing patience with the directors, management and the players. Surely Burnden Park is a stage designed to cater for a better class of football than Division Three – never mind Division Four! But then again so was Portsmouth, Huddersfield, Sheffield United, etc., the list is almost endless.

Wanderers hold the 'distinction' of having lost more home league games (nine) than any other club in the entire League this season, form at Burnden Park obviously being the main cause for concern. Away from home, whilst they have won just two games (at Darlington 1-0 and Brentford 2-1), they have picked up nine draws which should serve as a warning to Bury this afternoon. Incidentally Bolton's win at Brentford ended a run of 31 successive games in London without a win, a record stretching back to December 1978!

With the Shakers having won 3-2 at Burnden Park back on Boxing Day through goals from Lee, Taylor and Clark, Bury will be out to record their first 'double' of the season today. Bolton meanwhile will clearly be fired up to grab three priceless Division Three points and so end Bury's recent superiority over their near neighbours – and Darlington's performance against Bury last week will leave The Shakers in no doubts as to just what to expect today.

Bolton's scoring chart is led by Tony Caldwell with 10 League goals, followed by Steve Elliott (8) and Steve Thompson (6). After today, Wanderers safety depends on home games against Bristol City and Doncaster with away trips taking them to York City and Gillingham.
